Birthday April 8, 1982 in Berlin (West)
Studies Political Science
Experience abroad USA (2 years) & Frankreich (3 years)
Languages English & French (Conversationally fluent)
IT Linux, Office-Suite, \LaTeX , CMS (Contao, Joomla)

Education

- 2010–2014 **Masters of Political Science**, *Free University of Berlin*, Grade: 1.3.
Specialized in Energy Policy
- 2003–2005 **Bachelor of Political Science**, *Free University of Berlin*, Grade: 1.6.
Specialized in International Political Economy

Masters Thesis

- Title *Energy Policy in the Baltic States – Implementation of the EU's Third Liberalization Package for the Gas Market*
- Supervisors Professor Miranda Schreurs & Professor Manfred Kerner
- Description The thesis explored the question why Lithuania and Latvia chose different unbundling models for their vertically integrated gas market. I found that political reasons, namely suspicion of Russian influence, rather than economic considerations, were crucial factors in the decision making process.

Experience

Vocational

- 2013–Present **Personal Coaching**, Berlin.
Advise and support students in writing their bachelor and master thesis on a scientific level as well as structuring their work processes.
